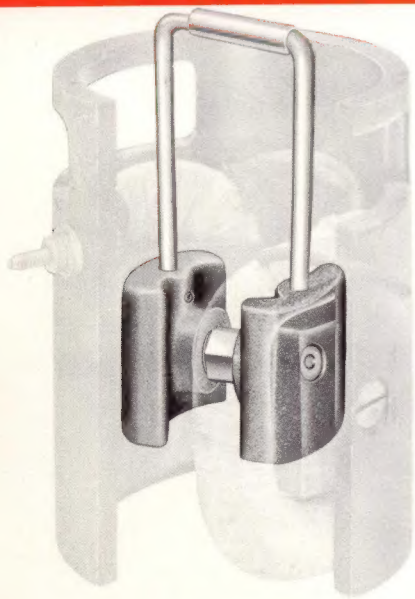
NU-MA-CO POLE SHOE SPREADER



Patents Pending

Telescoping handle gives you easier insertion, more "turn-power". No more skinned knuckles—lots more time saved—does a better job.

Handle of fine tooled steel. Durable, long-lasting strength.

Right and left thread guarantees easier operation. As you turn, the spreader expands—giving you more working room, and transmits pressure evenly.

This tool is now being used by professional rebuilders.

Saves You Time and Temper
